

# CANHEIT

---

The annual Canadian Higher Education Information Technology Conference, CANHEIT, is a national event organized and overseen by CUCCIO-CDPIUC. With a focus on IT issues of interest to Canadian universities and colleges, CANHEIT brings together staff, managers, and senior administrators who are responsible for management and evolution of their campus information systems, learning systems, and technology infrastructure. CANHEIT is an open conference and anyone is welcome to attend, whether or not their institution is a member of CUCCIO-CDPIUC.

## **CANHEIT 2012**

Our tenth annual CANHEIT conference, [CANHEIT 2012: Building the Digital University](#), takes place next spring in Saskatoon, SK, hosted by the [University of Saskatchewan](#). The dates are June 10-13. We look forward to seeing you there.
